What is TACA:

TACA provides information, resources and support to families affected by autism. For families who have just received the autism diagnosis, TACA aims to speed up the cycle time from the autism diagnosis to effective treatments. TACA helps to strengthen the autism community by connecting families and the professionals who can help them, allowing them to share stories and information to help people with autism be the best they can be.

TACA Texas Services:

Parent Education Events and Coffee Talks: TACA Texas holds Autism Support Meetings, Coffee Talks and family events throughout the year. Our meetings feature educational speakers on important topics for ASD families. Our Coffee Talks and family events provide more settings where families can informally network, share resources and speak with seasoned parents. Monthly speakers and topics can be found at: www.tacanow.org/texas

Parent Mentor Program: Families affected by autism can be matched with a personal TACA Parent Mentor who will offer one-on-one support. www.tacanow.org/about-taca/parent-mentor-program

Autism Journey Guides: The Autism Journey Guide is a book that provides parents with a comprehensive overview of best practices following the autism diagnosis and throughout the autism journey. Journey Guides are given out for free to new families at all TACA meetings. If this is your first meeting, Journey Guides are available at the registration table.

Financial Support: The TACA Family Scholarship Program is available to provide limited assistance to qualified families to provide treatment for children with autism. www.tacanow.org/about-taca/taca-scholarships

"We've got a long road ahead of us but with you guys on our side we will make it!!"
