## New this Year

Everything in one place. We heard you! Going back and forth between exhibits and lecture rooms down a long hallway was less than ideal. This time everything is in one place — the Exhibit Hall.

Time to see it all. You said you didn't want to miss anything and now you won't. There are adequate times between lectures to visit exhibits and *no more concurrent seminars.*

**NOT NEW.** We have the same low ticket price and extra savings online at [NaturalHealthFest.com](http://NaturalHealthFest.com) for early birds and seniors. At the door, everyone over age 12 pays the same \$10. (Simplicity speeds the ticket line.)

## Thousands in Prizes!

**Prize drawings throughout the day.** Drawings will start early. Between select speakers we'll announce winners over the PA and post names on the board in the prize area. Winners can pick up their prize immediately. At 4:30 we will draw final prizes and redraw for prizes that were not claimed by 4:00. Drawings will continue until all prizes have been awarded and claimed!
